Day 01 Singapore – Solo – Jogjakarta (-/L/-)

Arrive at the Solo Airport, formerly known as Surakarta.

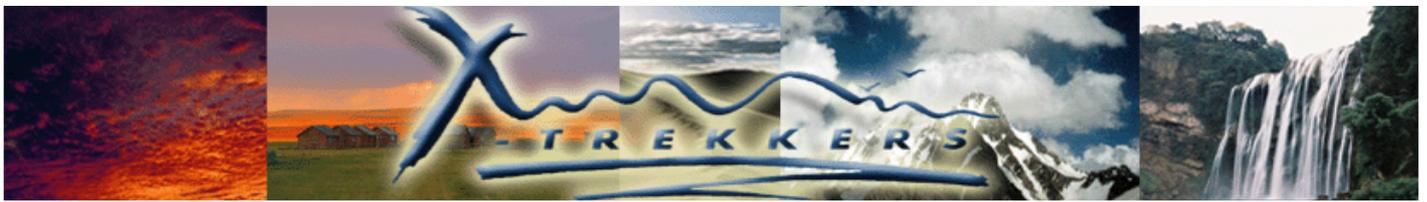

Your guide and private car will meet you and transfer you (60-min drive) to your hotel in Jogjakarta for check-in. Despite the official spelling of 'Yogyakarta' this town is usually pronounced and often written Jogjakarta or simply Jogja. It is the most popular tourist destination on Java, largely thanks to its proximity to the temples of Borobudur and Prambanan. Jogja is a centre of art and education and the cradle of traditional Javanese culture.

After freshening up, enjoy lunch in a local restaurant before setting off on an afternoon excursion. You'll be introduced to one of Indonesia's most famous crafts with a visit to a traditional batik factory. Not only will you learn about the ancient techniques and observe skilled craftsmen, but you will also have the chance to create your own batik. Start from scratch, making a design, applying wax and mixing your own dye. Your creation will be delivered to your hotel after drying. Accommodation in Yogyakarta - Whiz hotel[*2] or similar.

Day 02 Jogjakarta – Borobudur – Candirejo – Jogjakarta (B/L/D)

Today you will have the chance to learn more about Jogjakarta's historic and cultural traditions with a half-day city tour. Start with a visit to the Sultan's Palace, also known as 'Kraton'. This building, built between 1756 -1790, is a fine example of traditional Javanese sultanate architecture. As you walk through the various rooms and chambers, you will learn more about this aspect of Javanese heritage and culture. You'll also visit the adjacent 'Taman Sari', water palace and garden. The first Sultan built this addition to the royal complex over 200 years ago with bathing pools for his harem.

A local cyclo, becak, will then transfer you through the streets to the bird market where you'll see a slice of local Jogja life. Keeping songbirds as pets is a popular Indonesian tradition and the market is filled with birds with beautiful voices and vendors who entice shoppers to listen to their birds' songs. In addition to birds, an array of other animals is sold as pets including snakes, hamsters, rabbits and cats. Lunch in a local restaurant in Jogjakarta.

This afternoon drive to Borobudur, 42 kilometers west of Jogjakarta. With your guide, explore this massive Buddhist Temple- the largest in the world- and discover the incredible history behind its construction. Comprised of thousands of volcanic and river stone blocks, the temple was assembled entirely by human labor and took more than 75 years to complete. These days, the UNESCO Heritage site is still visible in its full glory- with magnificent carvings and an unusual, yet surprisingly beautiful bulk structure.

Continue with a visit to nearby Mendut temple. Older than Borobudur, this pyramid-shaped temple houses three impressively carved stone statues. Next, you'll get a taste for local life with a horse cart ride through Candirejo village. Known as adokar, the local horse cart will take you through this peaceful, charming village. You'll travel along small lanes lined with traditional houses and stop to see village activities such as making cassava crackers, playing the gamelan and harvesting and drying of vanilla and chili. Following the dokar ride, return to Jogjakarta arriving early this evening.

This evening, you'll be treated to a performance of traditional Ramayana Dances while dining at a local restaurant. Accommodation in Yogyakarta - Whiz hotel[*2] or similar.

Day 03 Jogjakarta – Prambanan – Suku & Cetoh Temples – Solo (B/L/-)

After breakfast, drive 17 kilometers from Jogjakarta to the ancient Hindu temples at Prambanan. Built in the 9th century, this collection of sharp, jagged temples features three main inner shrines dedicated to the Hindu trinity: Brahma, Vishnu and Shiva. UNESCO named Prambanan a Heritage Site in 1991. Your guide will explain the history and symbolism of the temples as you walk around.

Note: The May 2006 Jogjakarta earthquake caused significant damage to some parts of Prambanan. The site is open again, but some temples are cordoned off and as of mid-2009 entry into most temples is not allowed.

Continue with a drive to Solo. Formerly known as Surakarta, this charming city is referred to as the 'twin' sister of Jogjakarta. Upon arrival, visit Mangkunegaran Palace, a classical repository of classical Javanese art. Built as a palace for a 'junior' line of the royal family in the 18th century, the splendid building has an extensive collection of 14th century jewelry, majestic silverworks, traditional Javanese weapons and classical dancing body ornaments.

For lunch today, you'll be treated to a traditional Javanese restaurant, Pecel Solo. The fresh, tasty food is served in a charming old home filled with locals and often accompanied by live Gamelan music.

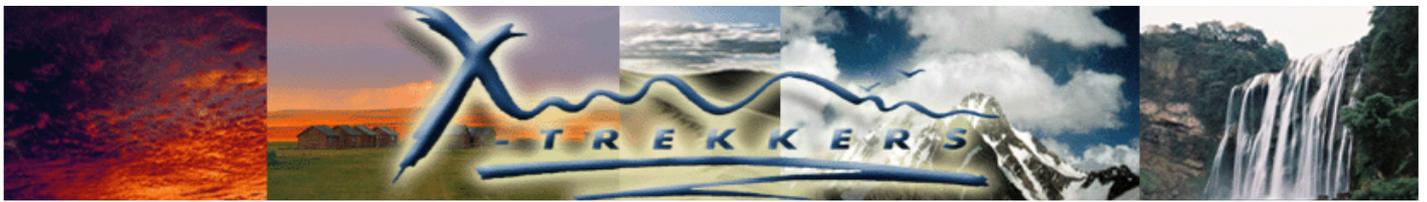

This afternoon continue driving east. You'll ascend a scenic mountain road to reach the isolated 15th century Suku temple. The temple is located 910m above sea level on the slopes of Mt Lawu and is surrounded by spectacular scenery. You'll stop to explore this unique temple with stone carvings of Hindu phallic symbols. Its pyramidal shape is similar in style to the Mayan temples of Central America. Continue the drive, passing through beautiful tea plantations to another Hindu temple. Located even higher on the mountain, Ceto Temple is rarely visited yet is one of the most beautiful temples in the region. Its carvings are similar to Suku temple but the multi-tiered temple differs in architectural layout. Return to Solo. Accommodation in Solo - Rumah Turi hotel [*2] or similar.
